19 RWF M1/M4 Cross (940lbs)
15 Black M/M3 Cross Heifers (880lbs)
8 Red M1/M3 Cross Heifers (880 lbs)
Includes 2 BWF Heifers

BRED HEIFERS BREEDING GOAL

BREED CATTLE WE DON'T HAVE TO TOUCH. WE WANT REPRODUCTION, GROWTH, CALVING EASE, STRONG IMMUNE SYSTEM, AND QUIET NATURED CATTLE THAT PRODUCE BEEF WITH MINIMAL WINTER FEEDING.

These are the best heifers from our commercial herd. They are all one brand. The cow herd has been vaccinated yearly with MLV BVD vaccines for over 10 years. The ranch has been in the Verified Beef Production program for 3 years and has a Alberta Environmental Farm Plan. All heifers bred to M3 easy calving bulls.
